Found it and read it.

OK, what does the last sentence of that section mean? For that matter, what do co-equal goals mean?

I'm in on Thursday and then again on Tues-Thurs next week if you want to talk about this. It is just plain fascinating.

If I miss you, have a wonderful holiday!

Feds now have to be consistent with state law, including the coequal goals...is this now the law of the land? What does it mean? Should we build a consistency review process into our delta plan for fed projects?
